FORTUNY

"Let yourself be enchanted by our handcrafted creations. The gold stands out on the intense colours and make the printed silk velvet kimonos elegant and modern. The Fortuny Lamps, clothing and accessories, entirely handmade in Venice with the same techniques used by Mariano Fortuny, have an unmistakable style. The original Fortuny lamps are based on the models designed by Mariano Fortuny thanks to his research in the field of theatrical lighting. From silk to glass, up to aluminum and gold leaf, the collections express multiple aesthetic and functional needs, adapting to both modern and classic interiors." fortuny.uk
