LA SCOLCA

Complex and elegant at one time, La Scolca Etichetta Nera. The main feature you can describe it with is balance. You would sip it away solo or match with any kind of food – in any case, it would match perfectly. We can feel the vision and history of La Scolca with every sip of Gavi dei Gavi black label. These are wines that tell a story, encourage emotion and create memories. Wines that our clients have fallen in love with, wines we love drinking ourselves to commemorate special occasions.
