

PINOT NERO

Pinot Noir is one of the oldest known vines, which has always been difficult to cultivate and even more so to manage as a wine. From the experimentation in partnership with the University of Bordeaux in some of our lands of specific clones suitable for the production of this excellent red, our Pinot Noir is born, which is well suited to the clayey limestone soils of our hills and benefits from the sea breeze that reaches them.

Rich in delicate aromas of red fruit, such as cherries and berries, thanks to a light passage in French oak, it develops a complex and harmonious bouquet. In the same way, the palate is enriched with great persistence, and the silky taste sensation is enhanced by growing spicy notes to the nasal aftertaste.

CLASSIFICATION: Piemonte D.O.C. Rosso.

GRAPE VARIETIES: 100% Pinot nero.

YIELD: approximately 70 q./ha.

PRODUCTION ZONE: vineyards located in the territory of the Municipality of Gavi.

VINIFICATION: traditional "in red", with slight initial aging in barrique and then in the bottle.

BEST CONSUMPTION PERIOD: Without consumption timing limits. Suitable for long aging, if well stored lying down and in a suitable place: dark and protected from sudden changes in temperature.

SERVING TEMPERATURE: Room temperature 18 - 20 °C.

APPEARANCE: garnet red, intense and brilliant.

NOSE: fragrant, exuberant when young, with shades of rose, raspberry and jasmine. With maturity it tends to a complex bouquet. With aging, spicy and balsamic tones emerge.

PALATE: intense body, with a rich, important and warm texture, with velvety tannins.

GASTRONOMIC ACCOMPANEMENTS: Perfect throughout the whole meal, excellent in combination with pasta, especially seasoned with meat-based sauces; enhances its characteristics accompanied by cold cuts and sausages, game, stews and braised meats. It goes perfectly with seasoned polenta, agnolotti, fondue, mushrooms and truffles.
