

CORTEGAIA

LOW ALCOHOL/LOW CALORIES

Code COBI

As the latest addition to La Scolca, Cortegaia represents our ultimate interpretation of environmental and social sustainability. A dry, white wine obtained with a natural low alcohol content that allows the fruity and floral aromas of the grapes to be brought out to their fullest, and with an acidic and structured framework that makes it both pleasant and interesting. With traditional white vinification, but with cold maceration and fermentation at low temperatures. The notion of sustainability went beyond the wine production here, choosing innovative, sustainable packaging with a closure made with plastic recovered from the oceans. A sign of the importance of the territory in which we grow grapes, and of our global commitment.

CLASSIFICATION: dry white wine.

ALCOHOL CONTENT: 9.5% Vol.

ENERGY VALUE: 52 kcal per glass.

SUSTAINABILITY CERTIFICATION: SQNPI.

VINIFICATION: traditional white with cryo-maceration and temperature control.

SERVING TEMPERATURE: approx. 12 °C.

COLOUR: pale straw yellow with greenish reflections.

BOUQUET: intensely fruity with floral notes of hawthorn and peach blossom.

TASTE: dry, savoury. Delicate balance and persistent taste.
